INDEPENDENT AUDITOR'S REPORT

To the Members of the
Spirit Lake Community Fire Department:

We have audited the accompanying financial statement of the Spirit Lake Community Fire Department as of and for the year ended June 30, 2005. This financial statement is the responsibility of the Department's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described in Note 1, the financial statement is prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the cash basis financial position of the Spirit Lake Community Fire Department as of June 30, 2005, and the changes in cash basis financial position for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated February 21, 2007 on our consideration of the Spirit Lake Community Fire Department's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal

control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis on pages 7 through 9 is not a required part of the financial statement, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Spirit Lake Community Fire Department provides this Management's Discussion and Analysis of its financial statement. This narrative overview and analysis of the financial activities of the Spirit Lake Community Fire Department is for the fiscal year ended June 30, 2005. We encourage readers to consider this information in conjunction with the Department's financial statement, which follows.

Because the Department is implementing new reporting standards for this fiscal year with significant changes in content and structure, much of the information is not easily comparable to prior years. However, in future years, comparisons will be more meaningful and will go further in explaining the Department's financial position and results of operations.

2005 FINANCIAL HIGHLIGHTS

- The Department's operating receipts were \$189,499 in fiscal year 2005.
- The Department's operating disbursements were \$102,256 in fiscal year 2005.
- The Department's non-operating disbursements were \$187,324 in fiscal year 2005.
- The Department's net assets were \$97,462 at June 30, 2005.

USING THIS ANNUAL REPORT

The Department has elected to present its financial statement on the cash basis of accounting. The cash basis of accounting is a basis of accounting other than U.S. generally accepted accounting principles. Basis of accounting refers to when financial events are recorded, such as the timing for recognizing revenues, expenses and the related assets and liabilities. Under the Department's cash basis of accounting, revenues and expenses and the related assets and liabilities are recorded when they result from cash transactions.

As a result of the use of the cash basis of accounting, certain assets and their related revenues and liabilities and their related expenses are not recorded in the financial statement. Therefore, when reviewing the financial information and discussion within this annual report, readers should keep in mind the limitations resulting from the use of the cash basis of accounting.

The annual report is presented in a format consistent with the presentation of Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the Agency's cash basis of accounting.

This discussion and analysis are intended to serve as an introduction to the Spirit Lake Community Fire Department's financial statement and other information as follows:

- Management's Discussion and Analysis introduces the financial statement and provides an analytical overview of the Department's financial activities.
- The Statement of Cash Receipts, Disbursements and Changes in Cash Basis Net Assets presents information on the Department's operating receipts and disbursements, non-operating receipts and disbursements and whether the Department's cash basis financial position has improved or deteriorated as a result of the year's activities.
- The Notes to Financial Statement provide additional information essential to a full understanding of the data provided in the financial statement.

FINANCIAL ANALYSIS OF THE AGENCY

Statement of Cash Receipts, Disbursements and Changes in Cash Basis Net Assets

The purpose of the statement is to present the receipts received by the Department and the disbursements paid by the Department, both operating and non-operating. The statement also presents a fiscal snapshot of the Department's cash balance at year end. Over time, readers of the financial statement are able to determine the Department's cash basis financial position by analyzing the increase and decrease in cash basis net assets.

Operating receipts are received for services provided by the Spirit Lake Community Fire Department. The Spirit Lake Community Fire Department provides fire protection and medical emergency services to the citizens of the member cities of Spirit Lake and Orleans and the member townships of Lakeville, Diamond Lake, Spirit Lake and Center Grove. The Department also provides services to Minneota Township. Operating disbursements are disbursements paid to operate the Spirit Lake Community Fire Department. Non-operating receipts are for interest on accounts, loan proceeds and miscellaneous receipts. Non-operating disbursements are for purchases of equipment.

A summary of cash receipts, disbursements and changes in cash basis net assets for the year ended June 30, 2005 is presented below.

DEBT ADMINISTRATION

The Department has a note payable for equipment purchased on October 25, 2004. The balance outstanding was \$365,000 On June 30, 2005. This note is payable in equal yearly installments of \$54,217 through the year ending June 30, 2013. The note interest rate is 4.0%.

The Department received a 0% loan in the amount of \$148,500 from the Fire Fighting Revolving Fund in March 2006. The loan is payable in ten years. The funds were used to pay down the Department's interest bearing bank loan in the effort of reducing future interest costs.

ECONOMIC FACTORS

The Spirit Lake Community Fire Department financial position decreased slightly during the current fiscal year due to large purchases of equipment. However, the current condition of the economy in the state continues to be a concern for the Department officials. Some of the realities that may potentially become challenges for the Department to meet are:

- Facilities require constant maintenance and upkeep and vehicles are aging and need to be replaced.
- New training standards will increase the cost of training for the Department.

The Department anticipates the current fiscal year will be much like the last and will maintain a close watch over resources to maintain the Department's ability to react to unknown issues.

CONTACTING THE DEPARTMENT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the Department's finances and to show the Department's accountability for the money it receives. Spirit Lake Community Fire Department
Notes to Financial Statement
June 30, 2005

(1) Summary of Significant Accounting Policies

The Spirit Lake Community Fire Department was formed in 1985 pursuant to the provisions of Chapter 28E of the Code of Iowa. The purpose of Spirit Lake Community Fire Department is for fire protection and aid and assistance for other emergencies or disasters relating to life or property to the units of government which are members of the Department.

The governing body of the Department is composed of three representatives from the four member townships and three representatives from the two member cities. The Department members are Lakeville, Diamond Lake, Spirit Lake and Center Grove Townships of Dickinson County and the Cities of Spirit Lake and Orleans.

A. Reporting Entity

For financial reporting purposes, the Spirit Lake Community Fire Department has included all funds, organizations, agencies, boards, commissions and authorities. The Department has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the Department are such that exclusion would cause the Department's financial statement to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the Department to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the Department. The Department has no component units which meet the Governmental Accounting Standards Board criteria.

B. Basis of Presentation

The accounts of the Department are organized as an Enterprise Fund. Enterprise Funds are utilized to finance and account for the acquisition, operation and maintenance of governmental facilities and services supported by user charges.

Enterprise Funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with an Enterprise Fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

C. **Basis of Accounting**

The Spirit Lake Community Fire Department maintains its financial records on the basis of cash receipts and disbursements and the financial statement of the Department are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statement does not present the financial position and results of operations of the Department in accordance with U.S. generally accepted accounting principles.

(2) **Cash and Investments**

The Department's deposits in banks at June 30, 2005 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The Department is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Department; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district. The Department has not formally adopted an investment policy.

The Department had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 3, as amended by Statement No. 40.

(3) **Related Party Transactions**

The Department had business transactions totaling \$5,117 between the Department and Department personnel during the year ended June 30, 2005.

(4) Risk Management

The Spirit Lake Community Fire Department is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The Commission assumes liability for any deductibles and claims in excess of coverage limitation. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(5) Note Payable

The Department has a note payable is for equipment purchased on October 25, 2004. The balance outstanding was \$365,000 at June 30, 2005. This note is payable in equal yearly installments of \$54,217 through the year ending June 30, 2013. The note interest rate is 4.0%.

(6) Subsequent Events

The Department received a 0% loan in the amount of \$148,500 from the Fire Fighting Revolving Fund in March 2006. The loan is payable in ten years. The funds were used to pay down the Department's interest bearing bank loan in the effort of reducing future interest costs.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of a Financial Statement Performed in Accordance with
Government Auditing Standards

To the Members of the
Spirit Lake Community Fire Department:

We have audited the accompanying financial statement of the Spirit Lake Community Fire Department as of and for the year ended June 30, 2005, and have issued our report thereon dated February 21, 2007. Our report expressed an unqualified opinion on the financial statement which was prepared in conformity with an other comprehensive basis of accounting. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Spirit Lake Community Fire Department's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statement and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Spirit Lake Community Fire Department's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statement. Reportable conditions are described in the accompanying Schedule of Findings.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions

and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe item II-A-05 is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Spirit Lake Community Fire Department's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the Department's operations for the year ended June 30, 2005 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statement of the Department. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

We noted certain matters that we reported to management of the Spirit Lake Community Fire Department in a separate letter dated February 21, 2007.

This report, a public record by law, is intended solely for the information and use of the members and customers of the Spirit Lake Community Fire Department and other parties to whom the Department may report. This report is not intended to be and should not be used by anyone other than these specific parties.

We would like to acknowledge the many courtesies and assistance extended to us by the personnel of the Spirit Lake Community Fire Department during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Spirit Lake Community Fire Department
Schedule of Findings
Year ended June 30, 2005

Part I: Summary of the Independent Auditor's Results

- a) An unqualified opinion was issued on the financial statement which was prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.
- b) A reportable condition in internal control over financial reporting was disclosed by the audit of the financial statements, including a material weakness.
- c) The audit did not disclose any non-compliance which is material to the financial statements.

Spirit Lake Community Fire Department
Schedule of Findings – Continued
Year Ended June 30, 2005

Part II: Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

REPORTABLE CONDITIONS:

II-A-05 Segregation of Duties – One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted that one person has primary control over receipt collection, posting, deposit preparation, cash disbursements and reconciling.

Recommendation – We realize that with a limited number of office employees, segregation of duties is difficult. However, the Department should review its control procedures to obtain the maximum internal control possible under the circumstances.

Response – The Department will make every effort to comply.

Conclusion – Response accepted.

Part III: Other Findings Related to Statutory Reporting:

III-A-05 Official Depositories – A resolution naming official depositories has not been approved by the Department.

Recommendation – A resolution in amounts sufficient to cover anticipated balances at all approved depositories should be adopted by the Department.

Response – We will consider this.

Conclusion – Response accepted.

III-B-05 Questionable Disbursements – No disbursements that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.

III-C-05 Travel Expense – No disbursements of Department money for travel expenses of spouses of Department officials or employees were noted.

Spirit Lake Community Fire Department
Schedule of Findings – Continued
Year Ended June 30, 2005

Part III: Other Findings Related to Statutory Reporting (Continued):

- III-D-05 Business Transactions – Business transactions between the Department and related parties are detailed as follows:

<u>Name, Title, and Business Connection</u>	<u>Transaction Description</u>	<u>Amount</u>
Jason Moritz, Volunteer Fire Fighter	Contract work	\$1,480
Daly Electric, Owned by Pat Daly, Volunteer Fire Fighter	Repairs	579
Kleen Construction, Owned by Rick Kleen, Volunteer Fire Fighter	Snow removal	595
Jennings Tow & Repair, Owned by Joe Jennings, Volunteer Fire Fighter	Vehicle maintenance	2,463

In accordance with Chapter 362.5(8) of the Code of Iowa, the transactions do not appear to represent conflicts of interest since they are with volunteer fire fighters.

- III-E-05 Department Minutes – It was noted that payments for federal payroll tax deposits had not been approved for payment by the Department.

Recommendation – All disbursements should be approved by the Department.

Response – The Department will make every effort to comply.

Conclusion – Response accepted.

- III-F-05 Deposit and Investments – Except as noted in item III-A-05 above, no instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa was noted.
